

## Statement on the Exchange of Scientific Equipment

Based on the Memorandum-of-Understanding between **Forschungszentrum Jülich GmbH**, Germany (JÜLICH) and **Georgian Partner Institutions** (GEORGIA) on their extension and expansion of mutual scientific cooperation, signed on May 3, 2010, institutes of **JÜLICH** and **Georgian Technical University (GTU)** agree to support cooperation partners by the exchange of scientific equipment for use in their respective laboratories. The equipment may either be built by one party for scientific measurements or it may be superfluous but operational and useful for other purposes.

All further details may be discussed and agreed upon by both parties for each individual case.

Tbilisi, October 2013
